

**MIDWAY CITY SANITARY DISTRICT  
DIRECTOR, SHORT TERM**

**MARILYN FRY**

**OCCUPATION:** Travel Consultant/Businesswoman

My husband, Frank, and I have lived in Westminster for 47 years. Our two children, Mike and Diane, were raised here. For 34 years my husband has served on the City Council, recently as Mayor. I have been at his side helping with many city projects.

I was a Westminster hospital guild volunteer five years, fifteen years at La Quinta High School, Vice-President Westminster Chorale, and am now an active Kiwanian.

I want to continue my public service as a Director of the Midway City Sanitary District. I will bring an informed, positive approach and new ideas to the Board. The past four years I have attended the meetings and recognize the problems.

The Sanitary District covers trash and sewer wastes. Both have serious problems because of new laws.

Trash: We must continue to recycle to comply with State law.

Sewers: Must be kept clean. Leaks and spills causing foul odors must be contained because of the possibility of disease.

Some of my endorsements:

Westminster Police Association,  
Members of the Board  
Ray Littrell, former member  
Corrine Cranor, former employee  
Employees Association

Help me to represent you. Vote for "Marilyn Fry" Director of Midway City Sanitary District. I need your vote!
